

Using God's Word in individually discipling others!

Using God's Word with another person takes prayer and a lot of love without awkwardness. Just think of the last time you used your Bible with one other person to show what Scripture teaches about an issue going on in their life. Only the Lord can make us sensitive enough to show someone a sin or encourage godliness in ways they want to grow. It helps to have a habit of discussing Scripture whenever you meet with someone who wants to get discipled by you. You can match their life situations with what the Bible says about what they've done or need to do, in loving ways.

For example, one of Darin's disciples has a confusing work situation. He told Darin that he had the chance to make some significant money without breaking any rules, but in a way that might bother his boss.

Considering Philippians 2 together, the two men ended their discipleship time with a possible solution of the businessman honoring his boss by asking how he could help the company best, even at the loss of his special income. What a witness and nice result from using the Word with someone wanting input in life situations!

This month on Darin's 53rd birthday our youngest child Ashley finished reading the entire Bible (picture of both above!!). As a present for Ashley's accomplishment, her friend Catherine gave her an ESV Study Bible.

During the year everyone receiving this gets prayed for still by name at least once for each letter, so please request prayers about anything going on or others you know with needs whenever you'd like to have something special offered.
